

Commune de **BRIANÇONNET**

Réseau d'assainissement

A black and white line drawing of a map. The top boundary represents a coastline, featuring a prominent headland on the right side. The interior area is a large, roughly triangular landmass with a wavy, irregular boundary. The left side of the map shows a narrow strip of land extending downwards, ending in a small peninsula. The overall shape suggests a coastal region with a large, sheltered harbor or bay.
